

"I'm in deep gratitude for the experience of being on the Sacred Sites tour - it brought illumination, insights, past life rememberings and lots of inner plane teachings and gifts... all priceless!"

Raym and Chicchan held sacred space beautifully, in simplicity and humility both in ceremony and on every step of the journey with the inner work and connections ever present.

It brought tears of joy and gratitude to have the honour to be within Stonehenge ... my heart opening wide to the blessings.

I'm kinda lost for words as how I can actually describe the immense bonds to all of the Sacred Sites ... my love for Avalon and the welcoming and nurturing received ... Wells and St Nectan's Glen and the magnitude of Gaia's gifts pumping with life force and nature devas rejoicing...inner plane guidance received at Merlins cave ... an abundance of specialness every day!

All this and the amazing souls called to the group; we shared insights, healings, laughter, tears, food and a beautiful sense of belonging. Friendships I cherish, made beyond time and space.

It was a pleasure witnessing a couple standing in their power, each holding the embodiment of both Divine masculine and feminine.

UK Sacred Sites Retreat

**Stonehenge - Glastonbury - Chalice Well -
Tintagel - Avebury Stone Circle**

**We will walk in ancient sacred sites and recently created
crop circles, in the heart of the British countryside.**

*"I will say that if anyone is guided to go on the tour they must go!
Dive in and discover magic beyond words and imagination! In
England you will feel and see the magic you always dreamed of!!!
That's straight from my heart"*

Olivia 2019

**Nine day guided tour
12th - 21st June 2020**

The adventure begins...

We travel in our private mini-bus to our self contained accommodation in the heart of the British countryside, which will be our home for the next nine days. Travelling together we will experience the following adventures...

Wells Cathedral and Market

This splendid mediaeval city is one of England's best-kept secrets. The open air market has been happening for over a thousand years. Built on an ancient pre-Christian sacred site, the cathedral was established in 705 AD. The magnificent 800 year-old Gothic Cathedral occupies the central position in this, England's smallest city. Next to the cathedral is the Bishop's Palace complete with its moat, drawbridge and beautiful swans.

Stonehenge Private Ceremony

Feeling the powerful earth energy currents which connect to the planetary matrix, our group has one hour private access into the inner stone circle of Stonehenge. As the sun sets we join together in our ceremony of transformation and healing. We will focus on letting go of the old, reclaiming our power and past life skills, attuning with the Divine Masculine and the Earth Matrix.

Avebury Stone Circle

Avebury is a village which sits right in the middle of a huge, unique megalithic ritual landscape of giant stone circles and avenues. We will wander among them at leisure touching these ancient stones, attuning to their energies.

A short way from the great stone circle lies the mysterious pyramid-shaped Silbury Hill, the largest artificial structure in Europe associated with ancient harvest rituals.

The ancient Roman City of Bath

Originally the hot thermal springs were dedicated to a Celtic goddess, then later enclosed by the Romans into their bath houses and temples. You may personally experience the modern baths at the Thermae Bath Spa, set amongst 18th century architecture, leafy Victorian parks and fine shops. We meet for high tea in the famous pump room which has been operating continuously as a meeting place for over 200 years.

Glastonbury and The Chalice Well

Climbing Glastonbury Tor, topped by St Michael's Tower, the centre point of the ancient Isle of Avalon and a beacon of spirituality we can see for miles all over the "Summerlands".

We then take a cross country hike to Gog and Magog, two ancient Druid trees, the last remnants of an avenue that lead to the Tor. The energy that these ancient trees still hold today is profound.

There will also be free time to explore Glastonbury's many unusual shops and cafes. You may visit the beautiful stillness of the Magdalene Chapel or Glastonbury Abbey, burial place of the legendary King Arthur and Lady Gweneviere. The Abbey is also home of the holy thorn, scion of the one planted by Joseph of Arimathea in AD37.

Chalice Well Divine Feminine Ceremony

Considered by many to be the holiest well in England, it is one of the true healing places in Britain. Many believe the Holy Grail is buried there within the wellhead. The Michael and Mary Ley lines cross within the Well grounds and we will each stand at their convergence during our private ceremony.

Chicchan and Raym will lead us in a heart opening ceremony in which we honour these most potent of waters, both the white and red, focussing on the energies of the Divine Feminine, unconditional love and the waters of life.

Merlin's Cave and St Nectan's Glen

Driving down to glorious Cornwall we explore Merlin's cave beneath the ruins of Tintagel Castle which is set on an island peninsula amid the rugged Cornish coastline. This castle is the legendary birthplace of King Arthur and is dramatically located on top of a promontory by the sea, accessed by a high footbridge. At low tide, we will descend the castle cliffs to the beach below, entering Merlin's Cave; an extraordinary portal to the Otherworld.

Tintagel High Street has cafes and gift shops to tempt us before we drive on for a wander through

the magical fairy woods of St. Nectan's Glen with its waterfall and kieve (initiation bowl). The walk follows the woodland stream via a Celtic chapel and holy well, to arrive at its famous waterfall shrine where, on previous visits we encountered and photographed many mysterious orbs.

Crop Circles

Exploring the wilds of the British countryside in search of recently created crop circles, we will sit and meditate in these unique creations as they happen.

Divine Union Ceremony

We conclude our tour with a midday Solstice ceremony focussed on Divine Union, connection to All There Is and Oneness.
